STAFF PROFILE

The NWCLC under its Service Agreement between the State and Federal Governments is required to provide an outline each year as to the staffing profile, allocation of particular roles within the organisation and allocated funding to each area.

The National Association of Community Legal Centre's position on staffing levels is that Centre's can only be truly fully operational and have impact when a minimum of 6 FTE positions are in place ranging between frontline legal services, social work and administration.

For the first time this year the NWCLC has been staffed with an employee compliment of 5.13 FTE.

The ability to grow the staffing level to this capacity comes from a realisation of need within the community and financial management from the Management Committee.

Current staff members include:

COORDINATOR / PRINCIPAL LEGAL	CHRIS YOUNG
PRACTITIONER (GENERALIST)	
LEGAL PRACTITIONER	HEW ROBERTSON
LEGAL PRACTITIONER	MATTHEW ROSE
LEGAL PRACTITIONER	JENNIFER DUNN
ADMINISTRATION	KAREN HARRIS
ADMINISTRATION ASSISTANT	PAT MORGAN

Matthew Rose rejoined the team in the first half of 2019.

I thank all members of staff during the period for their efforts and dedication.

The sector in which we work is one where the demands of the roles and clients can be high. Your continued involvement is making a difference.

The table below outlines the staffing profiles of the NWCLC as at the date of this report as submitted to the CLC State Program Manager at the Tasmanian Department of Justice:

NWCLC employees receive salaries as set out under the Social, Community, Home Care and Disability Servicers Industry Award 2010. Legal Practitioners do not receive the same, or similar, level of income as Legal Aid Commission or Commonwealth counterparts.

The pay gap is a matter needing further review in the future discussions of National Partnership Agreements.

SERVICE AREA

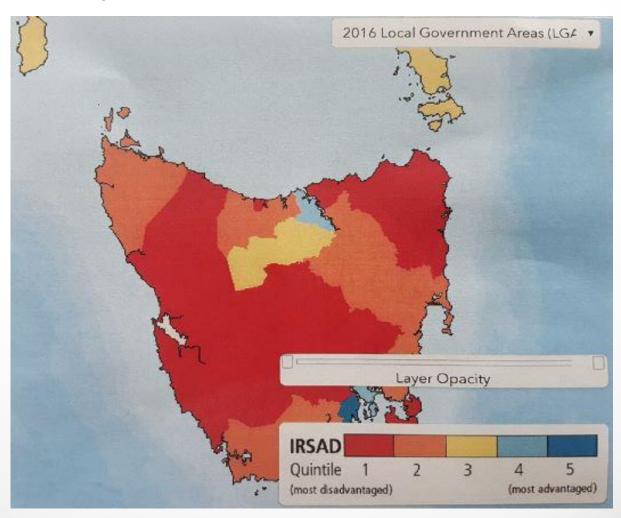

The following diagrams and data are sourced from the Australian Bureau of Statistics 2016 Census. The relevance to the NWCLC is particularly highlighted in the Index of Relative Socio-economic Disadvantage (IRSD).

This index provides a summary of the economic and social conditions of people and households within a given area.

A low score on the scale indicates greater disadvantage, e.g.:

- Many households with low income;
- Many households with no qualifications; or
- Many people in low skill occupations.

This is a particularly useful measure when assessing allocation of funds to disadvantaged areas.

Based on the 2016 data, all Local Government areas that fall within the NWCLC catchment area of service are in the lower 2 quintiles of disadvantage with the West Coast, Burnie and Devonport being in the most disadvantaged.

The data also confirms that the Local Government Areas within the NWCLC area of service are (all but for a couple of cases) below the national averages in terms of relative disadvantage.

The NWCLC area of service per the 2016 census lists the population at approximately 100,000 people.

	Population	Median Weekly Income	Median Household Income*	% of Population to have completed Year 12 or equivalent	Unemployment Rate	% of Population who need assistance for core activities
National Avg.	24,992,860	\$877	\$47692	51.9	6.9	5.1
Circular Head	8066	702	42328	22.6	4.9	4.6
West Coast	4167	607	41688	24.2	13.8	7
Waratah/Wynyard	13800	623	42002	26.7	7.5	8.2
Latrobe	11329	681	42832	26.3	6.4	6.3
King Island	1601	855	45322	33	3.3	4.3

Devonport	25415	623	41171	28.4	8.5	8
Central Coast	8066	702	42328	22.6	4.9	4.60
Burnie	19348	651	43848	28.8	8.9	7.2

The data matches the experience of NWCLC with many clients from the 3 highlighted LGA's presenting with multiple legal and non-legal issues, mental health concerns and housing matters.

• Burnie/Wynyard/Waratah

Burnie is the most frequently visited Outreach location by the Centre.

We continued to work out of the Centrelink office once a week of a Friday for some time in 2018/19 however due to client and staff needs an interim change was made to utilize rooms at the Women Legal Service in Burnie. Thank you to both organisations for your support.

Smithton

Staff at the Centre and at Wyndarra who are our partner in the project have maintained the SKYPE service.

The service will turn 5 in October 2017. Face to face visits on a monthly basis have slowed due to clients being seen via phone or SKYPE.

Thank you to the Wyndarra Staff who has again assisted over the last 12 months.

West Coast

West Coast clients continue to be serviced mainly by telephone and by Outreach visits to the Hub in Queenstown. It is a fantastic building with centrally located services.

Other options include meeting clients in Zeehan and Rosebery at their respective Neighbourhood Houses.

King Island

King Island continued to receive outreach services from the Centre this year.

A more regular and sustained service is needed.

Devonport / Latrobe /Kentish /Central Coast

Client's form these Local Government Areas receive both telephone and face to face advice based on need and preference.

Depending on where a client lives in many cases influences the issues they face and how they interact with the NWCLC. The further a client lives from a major centre, the higher the probability that there will be transport or access to service issues.

Every effort is made to accommodate the client and their needs with at times email communication and telephone service however, where possible, in person appointments still serve to be the primary mechanism of advice.

The continued use of outreach services combined with limited use of technology is recommended.

Service Agreement with the Commonwealth and State of Tasmania (NPA)

The National Partnership Agreement for Commonwealth funded Legal Assistance Services and the Tasmanian State Government were the NWCLC's two main sources of funding for the 2018/19 Financial Year.

"The objective of this Agreement is a national legal assistance sector that is integrated, efficient and effective, focused on improving access to justice for disadvantaged people and maximising service delivery within available resource" – Part 2 National Partnership Agreement on Legal Assistance Services

We acknowledge the contribution of both levels of government:

The NWCLC received a similar level of funding from the Commonwealth compared to last year and the State Government funding in place was repeated. The 2018/19 financial year saw a "top up" from the State Government that we are very grateful for.

The NWCLC continued to actively participate and inform a number of processes directly impacting the Centre's current and future operations:

- Participated productively in the Evaluation of the Tasmanian Legal Assistance sector that released its report in the first half of 2019;
- Explored more partnership options for delivery of services that target and meet the needs of clients;
- Be responsive to any changes in the sector environment;
- Acknowledge the effort of staff and support them in the roles in delivering these services;
- Completed outstanding tasks in our National Association of Community Legal Centre's Accreditation Plan seeing us reach Level 2 Accreditation with a move now to Phase 3 of the process; and
- Represented the Tasmanian CLC sector in the post release National Review into Commonwealth Legal Assistance Services that will inform the direction of the next National Partnership Agreement that is due to commence on 1 July 2020.

We are some time off seeing a version of the final NPA for the next 5 years. The possibility of their being a further 12 month "roll over" exists which may create further uncertainty.

The inclusion of all Aboriginal and Torres Strait Islander Legal Services funding under the NPA banner has also caused significant concern in the sector.

The need for clients to receive advice in relation to the numerous recent and current Royal Commissions also puts extra strain on the CLC sector.

PRIORITY CLIENT GROUPS

The priority client groups under the NPA remained the same in 2018/19 as set out in Schedule B of the NPA.

The NWCLC continues to focus is activities on those in the community who identify as part of the following groups:

- The legal assistance priority clients are people whose capability to Resolve legal problems is compromised by circumstances of vulnerability and or disadvantage.
- B2 Legal Assistance service providers should plan and target services to people experiencing financial disadvantage and fall within one or more of the client groups listed below (in alphabetical order only):
 - Children and young people (up to 24 years);
 - Indigenous Australians;
 - Older people (aged over 65 years);
 - People experiencing, or at risk of family violence;
 - People experiencing, or at risk of homelessness;
 - People in custody and prisoners;
 - People residing in rural or remote areas;
 - People who are culturally and linguistically diverse;
 - People with a disability or mental illness;
 - People with low education levels, and
 - Single parents.

FINANCES

The state of our financial affairs will be reported on separately by our Treasurer and reference should also be made to our Audited Financial documents from Don Willing and Associates.

Funding for the 2019/20 financial year is set out below and is, save for slight CPI increases, indicative of our funding in 2018/19 of \$421,170.00:

2019 - 2020:

	<u>Commonwealth</u>	State Amount	Total Funding
Funding:	<u>Amount</u>		
Base Grant	\$145,698.50	\$100,000.00	\$245,698.50
2019-20 One-off Funding Shortfall		\$62,253.57	\$62,253.57
Defined Funding**	\$92,000.00		\$92,000.00
SACS	\$25,674.46		\$25,674.46
Total Funding	\$263,372.96	\$162,253.57	\$425,626.53

This level of funding is the highest received to date by the NWCLC however, when you factor in the last of the Equal Remuneration Order increases due later in the year the budget will remain tight.

My comments on the financial positon and performance of the NWCLC are:

- The Centre maintained its tradition of very responsible financial action and allocation of resources in the 2018/19 Financial Year
- Funds invested leave the Centre less vulnerable to economic/funding decisions made at short notice.
- The 2018/19 Financials will outline increased expenditure in relation to the move of the office to our current location in August 2017 and the asset purchase of a motor vehicle in 2019 seeing these funds recouped over time with less rental expenses for motor vehicles on outreach and training.

- Funds provided by the State and Federal Government were used and allocated in line with the Funding Agreement in place.
- Continued focus is on maintaining high levels of service provision as opposed to spending resources on overheads and other on costs.

The 2018/2019 Financial Report shows (for the first time in a while) an operating loss.

Considering the up-front asset purchase expense coupled with increased staffing, the final result financially is well within the budgeted range and expected outcome.

Funding uncertainty has been a hallmark for this sector. It has influenced the decision making of many in the sector to prematurely leave the sector in the hope of finding more stable/recurrently funded positions.

The NWCLC has fortunately not had to deal with this unfortunate reality to date. I would welcome the continued financial; approach taken by the Centre to date.

The 2019/2020 financial year should see similar results moving into the new NPA as of 1 July 2020.

My recommendation for the remaining 9 months of this financial year would be one of maintaining current operations at current levels pending finalization of the new NPA and funding allocations to individual Centres.

Evaluation of the Tasmanian Legal Assistance Sector

The current NPA is due to expire as at June 30th 2020. The Tasmanian CLC's in negotiation with the Department of Justice and the former Attorney General agreed to participate in a thorough evaluation of the Tasmanian Legal Assistance sector. Parties to the review include Government, CLC's, Legal Aid Commission of Tasmania and the Law Society.

Similar reviews have been conducted in South Australia, Queensland, New South Wales and Victoria with differing results/findings.

This evaluation may a significant impact on future funding of the CLC's in Tasmania and what the sector landscape looks like in a post 2020 NPA.

The NWCLC has been active in this process with the Tasmanian Review issuing earlier in the year. From that report the NWCLC has:

- Maintained our involvement in the Tasmanian Legal Assistance Sector Planning sessions;
- Engaged in the establishment of the Community Legal Education Committee along with other CLC's and Legal Aid; and
- Continued to advocate for increased funding from both levels of Government.

Statistics and Case Studies

The variety and breadth of the NWCLC areas of practice are reflected in the following six case studies:

Case Study 1 – Family Law / Children

Single father of 2 young children in receipt of a Disability Support Pension referred to the NWCLC by a NW service provider (NGO) who attended with the client. Assisted in drafting Application and supporting affidavit seeking Parenting Orders for children to live with him.

Client's service provider reported some months later that the children were living with him and now regularly attending school

Case Study 2 – Family Law / Property

Client, in ill health, and having exhausted all available assets sought help from NWCLC for property settlement. Counsel was engaged pro bono to assist and was able to after significant free assistance form Counsel arrive at a settlement.

Case Study 3 – Family Law / Children

Client referred to the NWCLC by a private Legal Practitioner as they could not take the matter further. Children's matter requiring negotiation and settling of Consent Orders for children. Client had literacy issues requiring in depth help and in receipt of a pension.

Orders entered after significant CLC assistance.

Case Study 4 - Civil

Recently widowed client not knowing their options attended the NWCLC having been referred to the NWCLC by a friend of the client. Issues surrounded the content of the client's recently deceased spouses' Will.

Having provided initial advice, the client was referred to a private Legal Practitioner for representation where a more just and equitable estate outcome was settled on given the length of marriage and contributions made by the client.

Case Study 5 - Residential Tenancy

Single father, resided in the same rental accommodation for some years. A property management change saw a falling out between client and property manager.

Our client was served a Notice to Vacate, sought initial advice through the Tenant's Union of Tasmania and was referred to the NWCLC as the client was based on the NW Coast.

The NWCLC was able to provide advice and resources to the client to defend the Notice to Vacate as it was unjust. We assisted the Client prepare for hearing in the Magistrates Court.

The client successfully represented themselves, resisted the Notice to Vacate leaving them an appropriate amount of time to source alternative long term accommodation for their family.

Case Study 6 – Administrative Law

Disputed debt issue with Centrelink. Client made full disclosure to Centrelink on income and assets. Despite this received a bill form Centrelink in the thousands of dollars.

Assistance from the NWCLC on self-representation in the review process resulted in waiver of debt.

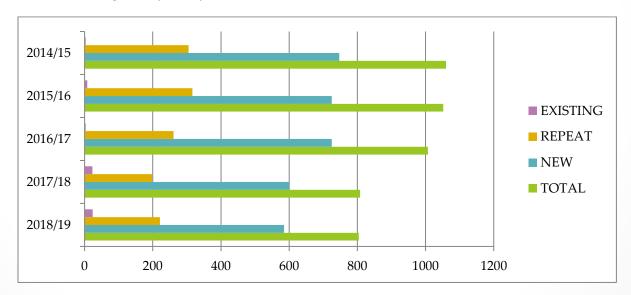

Legal Needs Mapping (LNM) is an issue highlighted in the recent review into Tasmanian Legal Assistance Services. This task is one that is too large for an individual Centre and one that the NWCLC has made recommendations to the State Government for such a process to be conducted be an external entity.

LNM may assist in guiding the allocation of resources to the more urgent areas within our service area.

The issue of LNM in a majority of cases was in addition to Social Need whether that is counselling support, housing assistance and financial counselling.

Clients

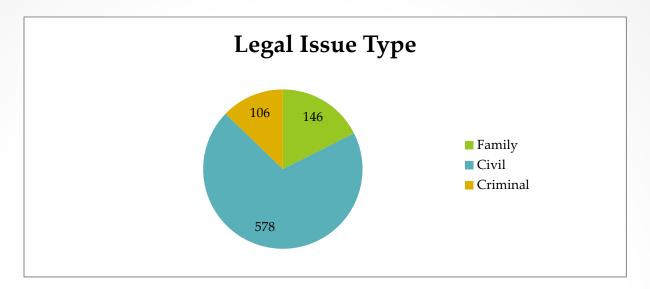

2018/2019 compared to the previous 12 months saw a similar number of clients attend the service, despite other resources being used on the twin National and State Reviews into legal assistance services and associated Community Legal Services Program (CLSP).

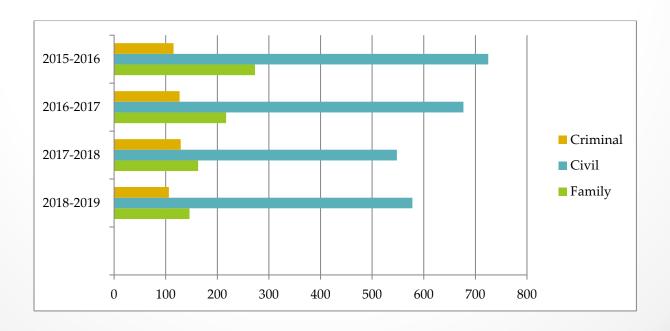

NWCLC statistics show just over 800 individual clients (some with multiple matters in the period) utilized the service:

- 73% of our clients were new to the Centre; and
- 27% returned to the Centre with another matter(s)

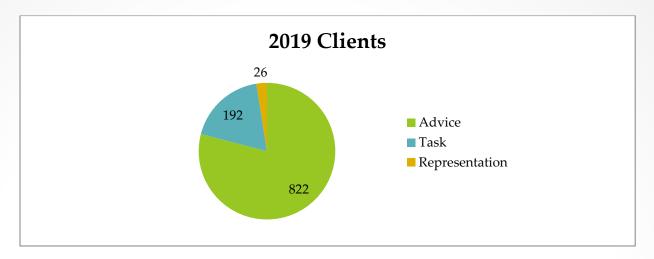

Civil matters were by far the most common on general legal type. Family Law is the most resource intensive of the three general areas although appearing to be only less than a third of actual clients.

When compared to the last 3 years, the results for 2018/19 do not appear to be out of the ordinary.

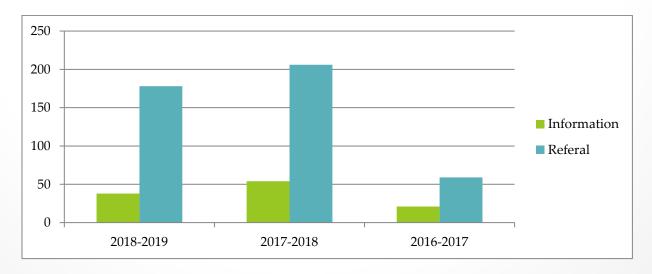

The breakdown of activities (1181 in total) is also on par with recent year's data with repeat/representation type matter being captured as "representation" as opposed to single or discrete entries that would otherwise inflate and distort the data.

INFORMATION AND REFERAL ACTIVITIES

Information activities appear to be lower in 2019/19. These activities are basic instances of "information" provision only to direct clients in the right direction. Greater emphasis is required on capturing these activities.

LAW REFORM AND COMMUNITY LEGAL EDUCATION

Mr. Ben Bartl continues to be employed part time by Community Legal Centre's Tasmania (CLC TAS) as the Policy and Law Reform Officer.

We have assisted in providing information and guidance to Mr. Bartl along with other Centre's from Community Legal Centre's in Tasmania to formulate a joint voice in Law Reform issues that are currently before State and Federal Parliaments.

In the 2018/19 year we have participated in Law Reform activities listed on the CLC TAS webpage http://www.clctas.org.au papers include:

Future Direction

By the end of 2019 or early 2020 we hope to see the details of the new National Partnership Agreement for Commonwealth Legal Assistance Services for the five year period commencing 1 July 2020.

A new NPA and a renewed focus by Tasmanian Legal Assistance providers following the Tasmanian Review will bring greater collaboration between all stakeholders and will hopefully see greater results with our limited funds and resources.

With the newfound awareness in our funders of there being no further efficiency dividends to be gained from the sector we continue to call for greater injection of funds into the sector from all levels of government as suggested by recent Productivity Commission Reviews into the sector.

An increased Government awareness of the impact of policy and legislative reform through the use of Justice Impacts Statements as recommended in the Urbis Review will also hopefully be a regular occurrence in the Law Reform space in turn delivering more equitable outcomes for our communities.

This change however will be overseen by a new Coordinator. With a new NPA on the horizon what better time to hand over. 12.5 years in the role has been a ride, a ride that I am grateful for, but one that is drawing to an end.

A number of achievements over this time stand out for me:

- 1. The expansion in the service's size from a sole Practitioner office in 2007 to the current staffing levels;
- 2. The number of young/graduate Legal Practitioners the Centre has given a start to in the law; and
- 3. The work we provide to our community, particularly the increased outreach services across the North West and West Coasts.

Thank you to my family who has supported me over the journey. You too have been on the ride.

I wish the incoming Coordinator and the staff all the best in the position.

Chris Young
Coordinator/Principal Legal Practitioner
